

Letter of Appreciation

Dated: May 7, 2025

ABHIRUP MUKHERJEE was a member of the graphical design and website management unit of **InSight**, the science magazine of IISER Kolkata. During the first year of the operation of the magazine, Abhirup designed the official website for the magazine in its entirety. Along with other members of the unit, he was responsible for routine maintenance of the website as well as updating the website regularly with HTML versions of various content that appeared in the magazine.

Abhirup was also deeply involved in constructing the original layout and design of the magazine (with inputs from the team, of course), as well as revisions of the design in subsequent issues. On a technical note, he implemented and tested the use of a new typesetting system (*typst*) for the magazine which increased design consistency tremendously over the previous system (*inkscape*) and doubled their efficiency. He has always been enthusiastic about making the magazine as best as it can be, and carried out his roles to the best of his abilities.

Best regards,
Professors-In-Charge,
InSight

Prof. Anindita Bhadra
Dpt. of Biological Sciences,
IISER Kolkata

Prof. Subhajit Bandyopadhyay
Dpt. of Chemical Sciences,
IISER Kolkata

Prof. Somnath Basu
Dpt. of Mathematical Sciences,
IISER Kolkata
